Once the Consultant has submitted a completed phase of work, no further work days shall be charged against that phase of work as total calendar days. The Consultant further acknowledges the said amount is fixed and agreed upon by and between the Consultant and the City because of the impracticality and extreme difficulty of fixing and ascertaining the actual damages the City would in such event sustain, and said amount is agreed to be the amount of damages which the City would sustain and said amount shall be retained by the City. These liquidated damages will be implemented following notification of the City to consultant of said failure to furnish completed work.

- D. The Consultant shall not be liable or responsible for, and there shall be excluded from the computation of the aforesaid periods of time, any delays due to strikes, riots, acts of God, national emergency, acts of the public enemy, governmental restrictions, laws or regulations, or any other causes beyond Consultant's reasonable control. IV. Coordination with the City.

However, any and all such information shall remain the property of the City and shall be returned if instructed to do so by the Director.
- B. The Director will act on behalf of the City with respect to the work to be performed under this Agreement. He shall have complete authority to transmit instructions, receive information, interpret and define the City's policies and decisions with respect to materials, equipment, elements and systems pertinent to the Consultant's services.

D. The City shall furnish approvals and permits from all governmental authorities having jurisdiction over the Project and such approvals and consents from others as may be necessary for the completion of the Project. The Consultant will provide the City reasonable assistance in connection with such approvals and permits such as the furnishing of data compiled by the Consultant pursuant to other provisions of the contract, but shall not be obligated to develop additional data, prepare extensive reports or appear at hearings or the like unless compensated therefor under other provisions of this contract.

V. Fee Schedule

For and in consideration of the services to be rendered by the Consultant in this Agreement, the City shall pay and the Consultant shall receive the fee set forth in attachment hereto which is made a part hereof and identified as Exhibit 1.

All documents including the original drawings, estimates, specifications, and data, will remain the property of the Consultant as instruments of service. However, it is to be understood that the City shall have free access to all such information with the right to make and retain copies of drawings and all other documents and data. Any reuse without specific written verification or adaptation by Consultant will be at City's sole risk and without liability or legal exposure to Consultant.

Termination (under this paragraph) shall become effective immediately upon receipt of said written notice by the City.

D. Procedures Consultant to follow upon Receipt of Notice of Termination

Upon receipt of a notice of termination and prior to the effective date of termination, unless the notice otherwise directs or Consultant immediately takes action to cure a failure to perform under the cure period set out hereinabove, Consultant shall immediately begin the phase-out and the discontinuance of all services in connection with the performance of this Agreement and shall proceed to promptly cancel all existing orders and contracts insofar as such orders and contracts are chargeable to this Agreement. Within thirty (30) days after receipt of such notice of termination (unless Consultant has successfully cured a failure to perform) the Consultant shall submit a statement showing in detail the services performed under this Agreement prior to the effective date of termination. The City shall have the option to grant an extension to the time period for submittal of such statement.
